

# DC Days 2010

Washington, DC March 14-17

## Ending the Nuclear Threat: Protecting Our Communities and Our World

Presented by  
**The Alliance for Nuclear Accountability**

Join us and others from across the nation for four days of advocacy, training, and networking:

- Learn how the production of nuclear weapons and their legacy affects all of us
- Learn about the challenges posed by the nuclear industry
- Advocate your priorities with elected officials and the Obama administration
- Meet and network with fellow activists from across the country
