

# Bombplex Public Hearings

## help change the course of U.S. nuclear weapon policy

2 Important Public Hearings on the Dept. of Energy's plan for a new "Bombplex"

**Tuesday, March 18**

6 p.m. - 10 p.m.

Holiday Inn Express

3751 No. Tracy Blvd., Tracy

**Wednesday, March 19**

11 a.m. - 3 p.m. and 6 p.m. - 10 p.m.

Robert Livermore Community Center

4444 East Avenue, Livermore

The Dept. of Energy National Nuclear Security Administration has released its draft plan to revitalize the nuclear weapons complex at 8 locations across the country, including Livermore Lab. The DOE calls the plan "Complex Transformation" (formerly "Complex 2030"). **We call it the "Bombplex."**

### Help Stop the Bombplex

The draft plan is in the form of a multi-volume Programmatic Environmental Impact Statement. The most important thing to know is that **the plan is fundamentally about the future of the U.S. nuclear weapons complex.** Do you want to see a revitalized weapons complex with added capabilities to research, develop, test and produce new and militarily modified nuclear bombs? Or, do you want to see the U.S. fully comply with the Non-Proliferation Treaty and play a leadership role in achieving nuclear nonproliferation and disarmament?

### Speak for Nuclear Disarmament

Our future - and our children's future - hang in the balance. Don't be silent at this critical juncture. Your voice is needed now. At the public hearings, you can speak on the changes you want to see at Livermore Lab, or on U.S. nuclear weapons policy writ large. You can help Tri-Valley CAREs and allied groups **make the hearings a public referendum on nuclear weapons.** You can help stop nuclear weapons and pollution at the Livermore Lab main site and its Site 300 in Tracy. You can stop open-air bomb blasts in your back yard.

**Don't let nuclear weapons be our future.**

Come to one or both public hearings.  
We will have an information table, sign-on comment letters and "talking points" on key issues.
